

# CITY OF LODI

## COUNCIL COMMUNICATION

AGENDA TITLE: Establishment of Water Rates for Services Outside City Limits

MEETING DATE: July 17, 1991

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt the attached resolution establishing outside City limit water rates at **150%** of similar rates within the City limits.

BACKGROUND INFORMATION: The City of Lodi presently provides water service outside the City limits to the following businesses or residences:

### Type of Service

All State Packers, Inc.	Metered
6011 East Pine Street	
Residence	Flat Rate
6051 East Pine Street	
Residence	Flat Rate
6093 East Pine Street	
Nazarene Church	Metered
1207 East Highway 12 (Kettleman Lane)	

Prior to 1984, City Code Section 13.08, Water Service, set the water rate for service outside the City at 150% of the in-City rate. In 1984, the Code was changed to allow this rate to be established by resolution; however, the resolution was never presented to the Council. This section of the Code now reads:

### **13.08.020 Rates outside city.**

The city will not normally serve water outside the city limits. In those cases where it is authorized by the city council, the rates shall be established by resolution of the city council. (Ord. 1333 § 1(9)(I), 1984: prior code § 26-2)

Since this last Code modification, the City has continued to charge the 50% surcharge to outside City service, even though a resolution was never adopted.

RESOLUTION NO. 91-140

=====

A RESOLUTION OF THE LODI CITY COUNCIL  
ESTABLISHING WATER RATES FOR SERVICES OUTSIDE CITY LIMITS

=====

BE IT RESOLVED, by the Lodi City Council as follows:

The City will not normally serve water outside the city limits. In those cases where water service is authorized by the City Council outside the corporate limits, applicable rates shall be one hundred fifty percent of the rates established for similar service within the City; and

BE IT FURTHER RESOLVED, that the Lodi City Council hereby finds and determines that the herein established one hundred fifty percent rate of the rates established for similar service within the City (or fifty percent surcharge) represents a reasonable approximation of the additional cost of providing water to customers outside the City limits.
